MISSION

The membership committee will focus its efforts on identifying and recruiting new members (including those in industries and sizes that are not customarily well-represented in the community), as well as on member retention by ensuring that there is a true value associated with membership, which will be accomplished by, among other things, providing opportunities for members to promote their businesses and develop business relationships with other members and by informing members of the numerous benefits associated with membership in the EICC so as to enable such members to realize the full value of their membership.

WHY JOIN THE EICC?

There are many benefits in joining the EICC, some of which include the following:

- | | |
|---------------------------|--|
| <i>Exposure</i> | Membership expands your network of customers and business relationships. |
| <i>Business Referrals</i> | The EICC will serve as a referral source for your business among the existing members and the community. |
| <i>Credibility</i> | Surveys have shown that customer perceptions are enhanced by Chamber of Commerce membership. |
| <i>Promotion</i> | We promote our organization to the residents in the community who may become customers, clients and workforce for your business. |
